SHINE

Oven and Grill Cleaner

- Oven and grill cleaner
- Removes baked-on deposits from stainless steel, iron and ceramic surfaces

PHYSICAL PROPERTIES	PACKAGING
Appearance: Liquid hazy	S127740-04 – 4-1 gallons
Specific gravity: 1.10-1.12	
Color: Red	
pH: >13.5	
Fragrance: Lemon	

DIRECTIONS: To remove char and carbon build-up on stainless steel, iron and ceramic surfaces, follow the recommended directions: 1) Wear rubber gloves and safety glasses. 2) Carefully pour SHINE over surface area. 3) Soak 1 hour to overnight depending on build-up. 4) Wipe away dissolved soil. 5) Rinse surface areas which will have food contact with potable water until clean. 6) Heavily encrusted areas may require a repeated procedure. DO NOT Mix SHINE with other chemicals including ammonia, household cleaners, toilet bowl cleaners, or vinegar because mixture may release hazardous gases. If gases are released, leave area immediately and ventilate.

STORAGE and HANDLING: Keep container tightly capped with label intact. Do not reuse containers. Can cause eye irritation. Do not get in eyes. Harmful if swallowed. First Aid: Eye contact-Remove contact lenses. Flood eyes with water for at least 15 minutes holding eyelids apart. Ingestion-If swallowed, drink large amounts of water. Skin Contact-Wear gloves to prevent irritation. If irritation persists, seek medical advice.

Keep Out of Reach of Children. Industrial or Institutional Use Only.
